

the populace is systematically poisoned by a pharmaceutical industry that brutally despises liberty
as the poison pushers avoid all liability,
barely even discreetly,
quarantines are caused by corporate greed to sell vaccines
after sanitation had already decreased deaths from infectious diseases
by 90 percent before the vaccines shed the germs to spread,
hence the fear mongering is measly,
the vaccinated majority are brutally duped
given shots like they forgot surviving chickenpox,
poison pushers walk all over us until we make them run away from us thus before us because
they exploit us.
They contaminate the water and pollute the air
and hate us because we dare to care.

Newscasters who spew disaster don't inform those who view that a fashionable discrimination,
mentalism or sanism, a variation of ableism or disabelism
is endorsed as preferable
while everybody who's stigmatized and ostracized
is considered expendable
and detestable
for being traumatized and almost universally despised
many are forcibly drugged and electroshocked to be vegetables
it's disturbing to describe
such reprehensible
atrocities enforced by
Probate Judges
who hold their grudges
while the reporters don't want to realize they stigmatize those who would probably save their
lives.
Fear sells. I'm not buying.
Measles isn't a death sentence.
Censorship of a documentary
Is barely even trying.
The fear mongering is blatant denying and lying.
Measles isn't bubonic plague.
Such feeble claims aren't even as vague rather than opposite the truth.
The populace is too afraid to comprehend proof.
Distress when the press will degrade
a minority who couldn't weaken any herd immunity,
That's inherently absurd, brutally undeterred by scrutiny.
The vaccinated majority is told lie after lie.
The herd immunity rationale doesn't apply

When pretending viruses could be spread by those who haven't caught them or that new strains are to blame.

That's an inherently bogus claim.

Forced vaccination with bans and badges are inhumane.

Mandatory vaccination is oppressive because it's coercive, thus indefensible.

There could be internment or worse for those who don't get vaccinated on schedule.

The autists are stigmatized by lies and portrayed as expendable.

Autism doesn't cause rampages,

The savant syndrome misdiagnosed while geniuses are locked in cages.

The reprehensible sadistic staff will Drug Shock Misdiagnose

To push their drugs to those who thought they were immunized.

Disease is exacerbated.

Only a minority are unvaccinated.

The harm caused by measles is exaggerated.

The idea of a herd immunity weakened by a minority is outrageous,

Like bogus bans and badges on those who didn't catch anything and therefore, are apparently not contagious.

Doped up staff are sociopaths who laugh as they steal opiates from the detoxification wards they're working at, forcing prisoners into rehabilitation.

This invasion is futile, it's desperation when the pushers resort to slander phrenia.

Therapy can't be forced.

Pushers label anybody

'mentally ill' without evidence

then pretend they have grounds to torture

while claiming to 'medicate'

those whom they denigrate to decimate

it's never therapeutic when against their will

For freedom from psychiatry,

force and fraud,

I easily see through a façade

civilized society is entirely for shills

and psychiatry kills

by prescribing pills

to cause depression and anxiety, thus

depriving targets of survival skills
